Property Description

Enjoy this beautiful, extra large 1 bedroom, 2 bath tropically furnished condominium, with a wide lanai overlooking the blue Pacific Ocean. Situated on the fifth floor of a quality landscaped complex within walking distance of Kailua Village, swimming beaches, and all the amenities. A generous pool, sumptuous cabana and fully equipped barbeque area are great for relaxing or entertaining.

Palms shade the lanai, and breeze from the overhead fans keeps things very comfortable inside, but air-conditioning is still available if needed. The living room serves as main gathering area with plenty of seating, an entertainment center and a dining table. Our full kitchen comes with all the usual appliances and gadgets, and is usually stocked with most of the basics. For comfort, we have two full, separate baths, one with Jacuzzi tub. For sleeping, we have two full size beds in the master bedroom, a foldout futon in the living room, a sleeper sofa on the lanai, and two foldaway beds in the closet. There is always plenty of extra bedding and towels.

Pita and Li'i are long-term local owners who take pride in making sure our visitors enjoy their time in Hawai'i. We are available for questions and suggestions regarding local customs and activities. The activities are virtually unlimited. We have full snorkel gear and body boards for two available for your use upon request. For the more adventurous, there is charter fishing to the finest marlin grounds in the world, scuba diving, hang-gliding, nature walks, or much more. Tennis courts are available across the street, and some of the best golfing in the world is just a short drive away.

Day trips to see windswept South Point, the Volcano National Park, or Parker Ranch are also very convenient. Just ask and we will help make arrangements for whatever you are interested in.
